About the 401(k) Plan

A 401(k) plan is a retirement savings plan designed to allow eligible employees to supplement any existing retirement and pension benefits by saving and investing before-tax dollars through a voluntary salary contribution. Contributions and any earnings on contributions are tax-deferred until money is withdrawn.

Eligibility Requirements

To enroll in the Plan, employees must meet the following criteria:

- Age 21 or older
- Completed 6 month(s) of service

Eligible employees may enroll each month.

Please contact your Plan Administrator for information regarding excluded employees.

Enrollment

Once you are eligible to participate in the Plan, you will be automatically enrolled at 2% unless you select a different deferral amount or choose to opt out of the Automatic Enrollment during the time-frame specified. Please contact your Plan Administrator if you have any questions.

Contribution Limits

Before-tax Contributions

In 2016, the before-tax contribution amount is between 1% and 100% of your compensation or \$18,000.00, whichever is less.

Participants turning age 50 or older in 2016, may contribute an additional \$6,000.00.

Roth Contributions

The Roth option will give you the flexibility to designate all or part of your 401(k) elective deferrals as Roth contributions.

Roth contributions are made with after-tax dollars, as opposed to the pre-tax dollars you contribute to a traditional 401(k). In other words, with the Roth option, you've already paid taxes on money you contribute. With the traditional 401(k), your contribution is made on a pre-tax basis and you pay taxes only when you take a distribution.

Employer Contributions

Discretionary Match

Your Plan may contribute a discretionary match. This contribution will only apply to a participant's deferrals that do not exceed a dollar amount or percentage of included compensation that is determined by the employer.

To be eligible for the discretionary match contribution into the Plan, employees must meet the following criteria:

- Employed on the last day of the Plan year and completed 1000 hours or more

Profit Sharing

Your Plan may provide for a profit sharing contribution in an amount to be determined by your employer.

Vesting Schedule

Vesting refers to the percentage of your account you are entitled to receive upon the occurrence of a distributable event. The value of your contributions to the Plan and any earnings they generate are always 100% vested (including rollovers from previous employers).

The value of employer discretionary match contributions to the Plan, and any earnings they generate, are vested as follows:

Years of Service	Vested Percentage of Employer Contributions
0 - 2 Year(s)	0%
2 - 3 Year(s)	20%
3 - 4 Year(s)	40%
4 - 5 Year(s)	60%
5 - 6 Year(s)	80%
6 Years and over	100%

The value of employer profit-sharing contributions to the Plan, and any earnings they generate, are vested as follows:

Years of Service	Vested Percentage of Employer Contributions
0 - 2 Year(s)	0%
2 - 3 Year(s)	20%
3 - 4 Year(s)	40%
4 - 5 Year(s)	60%
5 - 6 Year(s)	80%
6 Years and over	100%
