

Your Co-payment and/or Co-insurance is determined by the tier to which the Prescription Drug List (PDL) Management Committee has assigned the Prescription Drug Product. All Prescription Drug Products on the Prescription Drug List are assigned to Tier 1, Tier 2 or Tier 3. Find individualized information on your benefit coverage, determine tier status, check the status of claims and search for network pharmacies by logging on to www.myuhc.com[®] or calling the Customer Care number on your ID card.

Annual Drug Deductible - Network and Non-Network

Individual Deductible	No Deductible
Family Deductible	No Deductible

Out-of-Pocket Drug Limit - Network

Individual Out-of-Pocket Limit	See Medical Benefit Summary
Family Out-of-Pocket Limit	See Medical Benefit Summary

Out-of-Pocket Limit does not apply Non-Network.

Benefit Plan Co-payment/Co-insurance - The amount you pay.

** Maximum Network Coverage for Specialty Prescription Drug Products dispensed through Designated Pharmacy. See Designated Pharmacies section of your Outpatient Prescription Drug Rider.

This summary of Benefits is intended only to highlight your Benefits for Outpatient Prescription Drug Products and should not be relied upon to determine coverage. Your plan may not cover all of your Outpatient Prescription Drug expenses. Please refer to your Outpatient Prescription Drug Rider and Certificate of Coverage for a complete listing of services, limitations, exclusions and a description of all the terms and conditions of coverage. If this description conflicts in any way with the Outpatient Prescription Drug Rider or the Certificate of Coverage, the Outpatient Prescription Drug Rider and Certificate of Coverage shall prevail.

Other Important Information about your Outpatient Prescription Drug Benefits

If you purchase a Prescription Drug Product from a Non-Network Pharmacy, you are responsible for any difference between what the Non-Network Pharmacy charges and the amount we would have paid for the same Prescription Drug Product dispensed by a Network Pharmacy.

You are responsible for paying the lower of the applicable Co-payment and/or Co-insurance or the retail Network Pharmacy's Usual and Customary Charge, or the lower of the applicable Co-payment and/or Co-insurance or the mail order Network Pharmacy's Prescription Drug Cost.

For a single Co-payment and/or Co-insurance, you may receive a Prescription Drug Product up to the stated supply limit. Some products are subject to additional supply limits.

Specialty Prescription Drug Products supply limits are as written by the provider, up to a consecutive 31-day supply of the Specialty Prescription Drug Product, unless adjusted based on the drug manufacturer's packaging size, or based on supply limits. Supply limits apply to Specialty Prescription Drug Products whether obtained at a retail pharmacy or through a mail order pharmacy.

Some Prescription Drug Products or Pharmaceutical Products for which Benefits are described under the Prescription Drug Rider or Certificate are subject to step therapy requirements. This means that in order to receive Benefits for such Prescription Drug Products or Pharmaceutical Products you are required to use a different Prescription Drug Product(s) or Pharmaceutical Product(s) first.

Also note that some Prescription Drug Products require that you obtain prior authorization from us in advance to determine whether the Prescription Drug Product meets the definition of a Covered Health Service and is not Experimental, Investigational or Unproven.

If you require certain Prescription Drug Products including Specialty Prescription Drug Products, we may direct you to a Designated Pharmacy with whom we have an arrangement to provide those Prescription Drug Products. If you are directed to a Designated Pharmacy and you choose not to obtain your Prescription Drug Product from the Designated Pharmacy, you will be subject to the Non-Network Benefit for that Prescription Drug Product.

You may be required to fill an initial Prescription Drug Product order and obtain one refill through a retail pharmacy prior to using a mail order Network Pharmacy.

Benefits are available for refills of Prescription Drug Products only when dispensed as ordered by a duly licensed health care provider and only after 3/4 of the original Prescription Drug Product has been used.

If you require certain Maintenance Medications, we may direct you to the Mail Order Network Pharmacy to obtain those Maintenance Medications. If you choose not to obtain your Maintenance Medications from the Mail Order Network Pharmacy, you may opt-out of the Maintenance Medication Program each year through the Internet at myuhc.com or by calling Customer Care at the telephone number on your ID card.

An Ancillary Charge may apply when a covered Prescription Drug Product is dispensed at your or your provider's request and there is another drug that is chemically the same available at a lower tier. When you choose the higher tiered drug of the two, you will pay the difference between the higher tiered drug and the lower tiered drug in addition to your Co-payment and/or Co-insurance that applies to the lower tier drug.

Certain Preventive Care Medications maybe covered. Log on to www.myuhc.com or call the Customer Care number on your ID card for more information.

PHARMACY EXCLUSIONS

Exclusions from coverage listed in the Certificate apply also to this Rider. In addition, the exclusions listed below apply.

Exclusions

- Coverage for Prescription Drug Products for the amount dispensed (days' supply or quantity limit) which exceeds the supply limit.
- Coverage for Prescription Drug Products for the amount dispensed (days' supply or quantity limit) which is less than the minimum supply limit.
- Prescription Drug Products dispensed outside the United States, except as required for Emergency treatment.
- Drugs which are prescribed, dispensed or intended for use during an Inpatient Stay.
- Experimental, Investigational or Unproven Services and medications; medications used for experimental indications and/or dosage regimens determined by us to be experimental, investigational or unproven. This exclusion does not apply to any off-label usage of a Prescription Drug Product, if all of the following conditions are met: The drug is approved by the U.S. Food and Drug Administration (FDA). The drug is prescribed by an allopathic or osteopathic Physician for the treatment of either of the following: A life-threatening condition, so long as the drug is Medically Necessary to treat that condition and the drug is on the Prescription Drug List or accessible through our Prescription Drug List procedures. A chronic and seriously debilitating condition, so long as the drug is Medically Necessary to treat that condition and the drug is on the Prescription Drug List or accessible through our Prescription Drug List procedures. The drug has been recognized for treatment for the condition for which it is prescribed by one of the following: The American Medical Association Drug Evaluations. The American Hospital Formulary Service Drug Information. The United States Pharmacopoeia Dispensing Information, Volume 1, Drug Information for the Health Care Professional. Two articles from major peer-reviewed medical journals that present data supporting the proposed off-label use or uses as generally safe and effective, unless there is clear and convincing contradictory evidence presented in a major peer-reviewed medical journal. As used in this exclusion: "Chronic and seriously debilitating" means a disease or condition that requires ongoing treatment to maintain remission or prevent deterioration and that causes significant long-term morbidity. "Life-threatening" means a disease or condition where the likelihood of death is high unless the course of the disease is interrupted or that has a potentially fatal outcome where the end-point of clinical intervention is survival. "Off-label" means the use of a drug for clinical indications other than those stated in the labeling approved by the U.S. Food and Drug Administration (FDA).
- Prescription Drug Products furnished by the local, state or federal government. Any Prescription Drug Product to the extent payment or benefits are provided or available from the local, state or federal government (for example, Medicare) whether or not payment or benefits are received, except as otherwise provided by law.
- Prescription Drug Products for any condition, Injury, Sickness or mental illness arising out of, or in the course of, employment for which benefits are available under any workers' compensation law or other similar laws, whether or not a claim for such benefits is made or payment or benefits are received.
- Any product dispensed for the purpose of appetite suppression or weight loss.
- Prescription Drug Products when prescribed to prevent conception, including, but not limited to, oral contraceptives, diaphragms, Depo Provera and other injectable drugs used for contraception. This exclusion applies only to employers that are exempt from the federal requirement to cover contraceptives for women.
- Durable Medical Equipment. Prescribed and non-prescribed outpatient supplies, other than the diabetic supplies and inhaler spacers specifically stated as covered.
- General vitamins, except the following which require a Prescription Order or Refill: prenatal vitamins, vitamins with fluoride, and single entity vitamins.
- Unit dose packaging or repackagers of Prescription Drug Products.
- Medications used for cosmetic purposes.
- Prescription Drug Products, including New Prescription Drug Products or new dosage forms, that we determine do not meet the definition of a Covered Health Service.
- Prescription Drug Products as a replacement for a previously dispensed Prescription Drug Product that was lost, stolen, broken or destroyed.
- Prescription Drug Products when prescribed to treat infertility.
- Certain Prescription Drug Products for smoking cessation that exceed the minimum number of drugs required to be covered under Patient Protection and Affordable Care Act (PPACA) in order to comply with essential health benefits requirements.
- Compounded drugs that do not contain at least one ingredient that has been approved by the U.S. Food and Drug Administration (FDA) and requires a Prescription Order or Refill. Compounded drugs that contain a non-FDA approved bulk chemical. Compounded drugs that are available as a similar commercially available Prescription Drug Product. (Compounded drugs that contain at least one ingredient that requires a Prescription Order or Refill are assigned to Tier 3.)
- Drugs available over-the-counter that do not require a Prescription Order or Refill by federal or state law before being dispensed, unless we have designated the over-the-counter medication as eligible for coverage as if it were a Prescription Drug Product and it is obtained with a Prescription Order or Refill from a Physician. Prescription Drug Products that are available in over-the-counter form or comprised of components that are available in over-the-counter form or equivalent. Certain Prescription Drug Products that we have determined are Therapeutically Equivalent to an over-the-counter drug or supplement. Such determinations may be made up to six times during a calendar year, and we may decide at any time to reinstate Benefits

PHARMACY EXCLUSIONS CONTINUED

for a Prescription Drug Product that was previously excluded under this provision. This exclusion does not apply to over-the-counter drugs as provided under the Preventive Care Services benefit in section 1 of the COC.

- Certain new Prescription Drug Products and/or new dosage forms until the date they are reviewed and assigned to a tier by our PDL Management Committee.
- Growth hormone for children with familial short stature (short stature based upon heredity and not caused by a diagnosed medical condition).
- Any oral non-sedating antihistamine or antihistamine-decongestant combination.
- Any product for which the primary use is a source of nutrition, nutritional supplements, or dietary management of disease and prescription medical food products, even when used for the treatment of Sickness or Injury. This exclusion would not apply to formulas for enteral feedings administered via tube as described in Section 1 of the COC under Enteral Tube Feedings and Parental Nutrition - Outpatient or in the Home.
- Prescription Drug Products designed to adjust sleep schedules, such as for jet lag or shift work.
- Prescription Drug Products when prescribed as sleep aids.
- A Prescription Drug Product that contains (an) active ingredient(s) available in and Therapeutically Equivalent to another covered Prescription Drug Product. Such determinations may be made up to six times during a calendar year, and we may decide at any time to reinstate Benefits for a Prescription Drug Product that was previously excluded under this provision.
- A Prescription Drug Product that contains (an) active ingredient(s) which is (are) a modified version of and Therapeutically Equivalent to another covered Prescription Drug Product. Such determinations may be made up to six times during a calendar year, and we may decide at any time to reinstate Benefits for a Prescription Drug Product that was previously excluded under this provision.
- Certain Prescription Drug Products that have not been prescribed by a Specialist Physician.
- A Prescription Drug Product that contains marijuana, including medical marijuana.
- Dental products, including but not limited to prescription fluoride topicals.
- Certain Prescription Drug Products that exceed the minimum number of drugs required to be covered under the Patient Protection and Affordable Care Act (PPACA) essential health benefit requirements in the applicable United States Pharmacopeia category and class or applicable state benchmark plan category and class.
